INVESTMENT THEMES

Three structural themes driving portfolio construction.

URBAN CONSUMPTION

Benefiting from India's rising incomes

- Services-led wage growth
- Rural to urban migration

EXTERNAL FACING BUSINESSES

Competing on the global stage

- Manufacturing & services exports
- Cost leadership and supply chain diversification

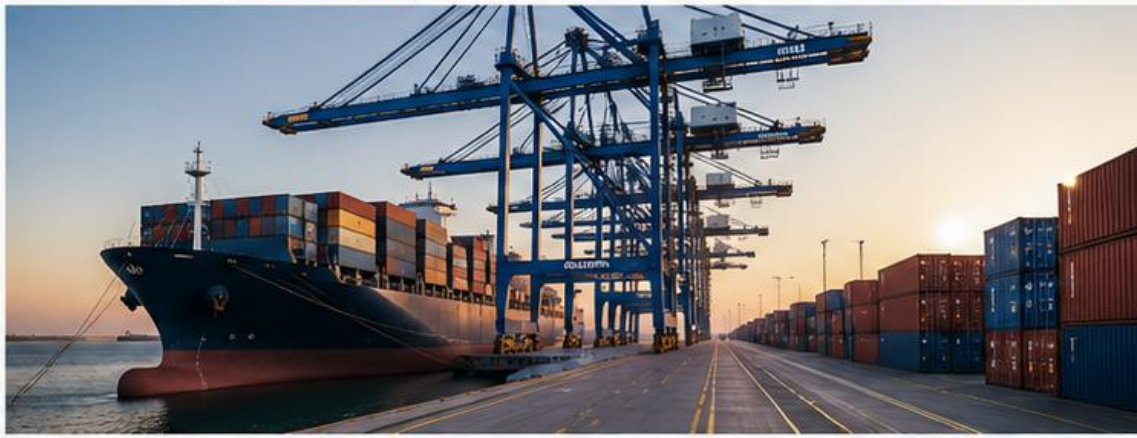

MANUFACTURING & COMMODITIES

Industrialisation and consolidation

- Niche manufacturing leaders
- Improving industry structure

The portfolio is built around India's most enduring structural growth opportunities, rather than short-term market trends.

INVESTMENT THEMES – WEIGHTS & HOLDINGS

THEME	PORTFOLIO WEIGHT*	REPRESENTATIVE HOLDINGS	WHY WE OWN THE THEME
Urban Consumption	20–35%	Maruti Suzuki, Shriram Finance, Interglobe Aviation, Antony Waste	Rising services-export wages and rural-to-urban migration lifting discretionary demand and organised-sector share.
External-facing Exporters	20–35%	Aurobindo Pharma, Granules, Ramkrishna Forgings	India's cost and talent edge feeding global supply chains as buyers diversify away from China.
Manufacturing & Commodities	20–35%	Tata Steel, Kaveri Seed, Hindustan Zinc	Consolidating, capital-starved niches re-rating through an improving capital cycle.
Other Businesses	0–25%	Bharti Airtel, Redington, Indian Energy Exchange	These are businesses which align to the philosophy but don't neatly fit into the above themes.
Cash & Liquidity	0–30%	—	Dry powder to add to conviction ideas at better valuations.

**Theme weight ranges are illustrative pending current fund positioning.*
